

## HYBRID ADAPTER

### APPLICATIONS

- CATV
- Metro
- Telecommunication networks
- Local Area Networks (LANs)
- Test equipment
- Data processing networks

### FEATURES

- High precision alignment
- Nickel plated brass body
- Compact design
- Low insertion loss and back reflection loss
- Choice of housing shape and sleeve material

### AVAILABILITY

DIN to SC	SC to ST	SC to FC	DIN to FC
FC to ST	LC to FC	LC to SC	

### SPECIFICATIONS

Insertion Loss	≤0.2dB	2.5mm sleeve
		1.25mm sleeve
	≤0.5dB	1.25mm/2.5mm sleeve
Durability	<0.20 dB typical change, 1000 matings	
Operating Temperature	-40 to + 85°C
